

# 4E IN THE MOUNTAINS

## One night with Crazy Rasi and Mr Religion

On October 11th 2010 our class (4e), Mr Bieber and Mrs Rasinger met at the train station in Wiener Neustadt at eight o'clock. We took the Puchberger train and arrived in Puchberg at half past nine. Then we walked for two hours to a hut, called "Hengsthütte". There we

had a half-hour break to eat and drink. Then we again walked two hours up the mountain. It was really really hard and we were all depressed. Finally we arrived at the last break point. It was a hut called "Baumgartnerhütte". There we made a long

long pause. Then luckily Mr. Bieber told us that we wouldn't go upwards only downward. We were very very happy. At four o'clock we ultimately arrived at our hut, "Hallerhaus". We first got up to our bedrooms, there were only *Matratzenlager*. We made our beds and

then we went out to a big meadow in front of the house. There we played games, and at six o'clock we had a three course dinner. Soup with carrots, spaghetti and apple pie. Then we had an hour only playing in the class little games. At eight o'clock Mrs Rasinger and Mr Bieber told us to go out in the darkness, it was very cold and we saw a lot of stars. It was very beautiful and ... cold. After ten minutes we went in the hut again, went to bed and slept. Anytime. The night was colder than

ever, I think only one or two degrees. In the morning Mrs Rasinger roused us at ten to eight. At eight o'clock we had breakfast and at nine o'clock we left the hut. Our descent was about three hours and sometimes it was very cliffy. At eleven o'clock we sat in the train towards Wiener Neustadt, civilization was back and our mobiles had a signal again! And at 12 o'clock we were back home in Wiener Neustadt.
