

Report from Seville

MONDAY:

On Monday I only had two hours of school. Afterwards Tim, Emma, Daria and I practised our dance for Seville. We showed our dance to a 3rd form who made the masks for the dance and a 1st form who had sports. After practising my mother brought a pizza and a cake for us and some teachers. After we ate, we waited for the bus to take us to the airport. At the airport all of us checked in and after an hour we boarded. The flight took us two hours to get from Vienna to Barcelona. During the flight a Spanish woman told us about the history of Catalonia because she's from Ibiza. At the airport of Barcelona we waited again for an hour and finally flew to Seville. We arrived in Seville at 8 p.m. When we arrived at our hotel we went straight to the cafeteria, where all the other schools from Denmark, Italy, Belgium, Germany, France, England waited. We ate pizza again. After everybody had eaten, we went outside and after five or ten minutes all of us went back to our rooms. I shared a room with Tim. We put on our pyjamas and went to bed.

TUESDAY:

We had breakfast at 7.30 a.m. After half an hour we waited in front of our hotel and went with the other schools to a school in Seville. When we arrived at the school there was a gate like in a prison and grids in front of the windows. The principal from the school held a speech and then we got sent in a class for two hours. It was horrible. Then we had breakfast. After breakfast

we went by coach to a park and had to find points, but unfortunately it began to rain. We went back by coach to the school. There we had lunch. Because of the rain we had free time, so we went back to the hotel. At 5 p.m we had to be in the lobby, because we Austrians went to the city to do some shopping. It poured. We wanted to eat tapas, but because of the rain we only went to Burger King and had dinner but we also went to a little shop and bought some stuff. Back at the hotel Tim and I watched TV and then we went to bed.

WEDNESDAY:

Like the day before we had breakfast and went on foot to the school. There we performed our dance and afterwards we had to make a poster with students from other countries. It was very funny! Then we had breakfast. After breakfast we did some sports, then we had lunch. On this day we also made a kayak tour. It was very exhausting. Near the river there was a museum for ships. It was boring. Next to it there was very high tower. We only were on the first floor. We went back to the hotel by coach. Back on our hotel room we watched TV and then went to the cafeteria. We were the only country who ate at the hotel. After dinner we waited for our headmaster. When he arrived at the cafeteria we talked a bit and then went to our rooms and also to bed.

THURSDAY:

Thursday was our last day we would spent with the other countries. After breakfast and going to the school we performed our poem. Luckily we practised it before. We performed the Alder King by Johann Wolfgang von

Goethe. After presenting we had breakfast and went by coach to a nearby university. The principal of the school of Seville told us about a project where they would teach children from the slums of Seville. On the way back we drove through this district. The school is in the middle of the district. Back in the school we had lunch. Afterwards we went back to the hotel. At 5 p.m we had to be in the lobby because would go to a famous cathedral. There we had to orienteer and find points. We were in groups with students from other countries. We had a lot of fun. When we arrived at the meeting point we went to a real Italian restaurant. The pizza and pasta we ate was very good. We had to go back on foot to our hotel. When we arrived there I went straight to bed.

FRIDAY:

We had to wake up at 4:30 a.m. We went by taxi to the airport. Everybody was tired and everybody slept on the flight from Seville to Barcelona. We waited two hours for our flight from Barcelona to Vienna. On the flight we met a man from Vienna. At the airport we said goodbye to the man but also to Mrs Rasinger and Emma. Everybody else went by bus back to school were my mother was waiting for me. Back home I feel asleep.
