

Comenius Project Spain

On the first day we left school at about 12 o'clock.

We traveled by plane first to Barcelona and then with another plane to Seville. We instantly went to our hotel to unpack. It was a 4 star hotel and our room was great! Because it was evening already we had dinner with the other Comenius students. I realized that all the other kids were much older. But in a couple of days they became my friends anyway. Teens from Belgium, Denmark, Spain, Italy, Britain, France and Germany came to this meeting. Of course we had to speak English but this wasn't a problem.

We were three teachers and four kids from Austria - Mrs. Schneidhofer, Mrs. Rasinger, Mr. King, Christoph, Tim, Daria and me. We did lots of fun stuff like going kayaking, dancing (we had to study a dance at school before we left), doing a poetry (I had to recite the "Erlkönig") or visiting a museum. Especially the kayak tour on the big river in Seville was funny - we all got wet! On two days of this week, it was raining but we still had a lot of fun.

On the last day we came back to the hotel very late! Everyone went to a farewell party, but I was so tired that I went to bed instantly. The next morning we had to get up very early to catch our plane to Barcelona where we spent two hours of free time till the plane back home was leaving. The moment I sat down on my plane seat (on both flights!) I fell asleep because I was so exhausted.

If I got asked if I would do the trip again, I'd probably say YES! Really, I'd love to see my friends again! I totally miss them! Spain was and IS a wonderful country! <3
