

# Comenius Project

## Monday

On Monday the 4<sup>th</sup> February 2013 Mr. King, Mrs. Schneidhofer, Caleb Poms and I flew from the Vienna airport to Milan. We arrived after a flight of one hour at the airport in Milan. Afterwards we went for one and a half hours by bus to Palazzolo. There we visited the school and were brought to our host. My host's name was Daniel Donadoni and he was a friendly 17 year old teenager who lived with his family in a flat.

## Tuesday

On Tuesday morning all members of the Comenius project met in the auditorium of the school. Then we had a small buffet and afterwards we got on a bus and went to Colere. Colere is a nice mountain range in Italy. There we went to a hotel. Caleb and I were in one room with Daniel and Marco. At the same day we also got our skiing stuff, borrowed from a little skiing shop. In the evening we practised for a flashmob.

## Wednesday

On Wednesday we went skiing for the first time in Italy. It was not easy to get used to the skiing stuff but it went very well anyway. After three hours skiing we had dinner. Afterwards we practised again for our flashmob. And then we had a karaoke night.

## Thursday

On Thursday we went skiing for the last time .Unfortunately my host Daniel broke his arm while skiing. After three hours skiing we packed our things and went back to Palazzolo. Because Daniel broke his arm I had to stay with with my new host, Deborah Muratori, for the last night.

## Friday

It was our last day in Italy. We had to say Goodbye to all our new friends, which was very sad. We went back to the airport and flew to Vienna. The only good thing was that we could see our family and friends again.

I hope I can take part in the Comenius project next year too, so I can meet all my new friends again. It was nice meeting all the people and a great journey. It was one of the best weeks in my life.
